Course Description:

The course will focus on methods of teaching science with special emphasis on using inquiry strategies. The goal is to provide participants with the necessary tools to develop or adapt lessons so that students are engaged in thoughtful, relevant science experiences. Participants will participate in inquiry approaches through lessons that are modeled by instructors.

All course communication will be made thru the email address provided on your registration form. (Please provide an out of school summer contact for much of the correspondence may occur during the summer prior to the beginning of the course.)
